

Pin Point Map Locations

Students use Post-it® Arrow Flags to locate areas from current or historical events on a large world map.

Supplies Needed:

Post-it® Arrow Flags and a world map or globe

01

When students bring current event clippings to class or discuss current events, ask them to use Post-it® Arrow Flags to locate the areas named on a large world map, encouraging them to pinpoint a specific spot.

02

Also, historical events or journeys (i.e. Lewis & Clark, Magellan's voyage around the world, etc.) can be plotted on a map using different color flags for various stages or significant incidents.
