

# Quiz Game

Make learning fun with Post-it® Notes.

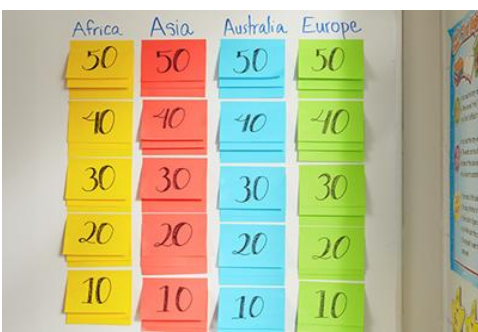

## Supplies Needed:

4x6 Post-it® Super Sticky Notes - 4 colors

01

On a whiteboard, chalkboard or wall, set up a grid of Post-it® Super Sticky Notes to match the game board from a popular TV game show. Across the top, write the category names. Then, layer three Post-it® Notes on top of each other. Write the answer on the bottom Post-it Note, the question on the middle one, and the point value on the top.

02

Repeat Step 1 using different questions/answers/point values until you “stack” the board. Also, establish an area on the board to collect the points awarded to each team.

03

Next, assign teams. Then demonstrate how to play the game: "I will choose Asia for 10 points." Ask the question, guess the answer and see if it was correct.

04

Now, begin the game. When a question is answered correctly, move the Post-it® Super Sticky Note containing the point value to the appropriate team's area on the board.

05

When the board is empty, total up the scores from each team's Post-it® Super Sticky Notes. The team with the most points wins.
